## **PUDO, North America's First Customizable Parcel Pick-Up & Drop-Off Service, Is Open For Business**

TORONTO, Ontario, September 10, 2015 – PUDO Inc., (“PUDO” or “the Company”) (CSE: PDO), North America's first customizable parcel pick-up and drop-off service, has launched across North America. PUDO allows customers to tailor parcel pick-up and drop-off locations to fit their busy schedules.

By partnering with local retailers including convenience stores, gas stations, and grocery stores throughout Canada and the US, PUDO has created a network of dealer locations that customers can use as alternate addresses for their “not-at-home” deliveries. With PUDO, Canadians can access deliveries later in the evening and on weekends, as most PUDO dealer stores are open 7 days a week. Upon the arrival of the shipment, customers will be notified by email that their package is available for pick up at their convenience. **Users sign up online for a FREE membership and pay-as-you-go when they use the service.**

“The parcel delivery industry is rapidly expanding due to the growth of online purchases. However, missed deliveries and inconvenient pick-up locations and hours are increasingly becoming a point of contention and frustration. PUDO is the welcome evolution to conventional Pick-Up and Drop-Off services. It gives control back to members/users to customize how and when they want their deliveries. PUDO is convenient, reliable and secure – you get your deliveries where you want them and when you want them,” said Frank Coccia, Chief Executive Officer.

With over 2,200 PUDO dealer locations across Canada and more than 3,000 locations in the United States, PUDO is growing rapidly. For these local dealer locations, PUDO provides opportunities for additional foot traffic and the potential for repeat customer business. PUDO has also created affiliate partnerships with some of North America's most well-known retailers, including Amazon, ebay, Hudson's Bay, and Walmart.

“We are adding to our extensive North American network daily, which will provide consumers with even more choice and convenience. This means users can ship to or pick up from any PUDO location anywhere in the country, even when traveling for work or pleasure.” Mr. Coccia added.
